

OCA Learn

What accessibility options are available for OCA Learn?

Alternative File Formats

For detailed guidance on how to download your course content in an alternative format, see the [How can I download my course materials in an alternative format?](#) article.

Self Service Accessibility File Conversion

Accessing the [Accessibility File Conversion](#) Page on OCA Learn will enable you to request any text-based document, web page or self-written text be converted to an alternative format.

To use the tool, either upload your file, paste a link to a web page or manually enter text. Next, select your preferred format – audio, braille or eBook – followed by any specific format options.

Once complete, enter your OCA Email Address and select the 'Submit' option. The converted format will be delivered via email when it has finished processing.
